

Peter Spitzer is working with Safe Kids Austria (an NGO located at the University Hospital of Graz, Dept. Ped. Surgery) since 1993.

He is responsible for the research activities, for the Injury Data Base and for trainings in Injury Prevention of several target groups (of pupils, of students, of adults). More than 40 publications as first or co-author are done by him in Austrian and international Journals.

Peter is also member of the Austrian Product Safety Board and representative of Austria at the European Child Safety Alliance as well as at Safe Kids Worldwide.
