

Aili Laasner, MD, M.Phil
ESTONIA, Rapla

Her background is pediatrics and she is acting as a medical doctor. Her current position is - head doctor of Rapla hospital.

Aili Laasner was given a degree of Master of Philosophy in health promotion at Bergen University (2005).

She has actively been involved into public health initiatives both on state and community level. Her main contribution has been introducing the Safe Community concept in Estonia. On behalf of Rapla county, she has submitted an application to WHO CC at Karolinska Institute to get designated as the *first* Safe Community in Estonia and Baltics (in 2004), and redesignated in 2009.

Her next challenge is an Estonian Safe Community network. Dr Laasner has presented Rapla county Safe Community program and results on several international conferences.
